Fees for performances ALWAYS vary based on length of performance, location and number of dancers required. Generally, solo performance fee budgets range from \$300-500, small group performance fee budgets range from \$700-1500, and large group productions range from \$5000-7500.

Also note the company's newest live streaming initiatives that allow MTDC performances to be showcased via projector or television screens to audiences world-wide. Request more information about live streaming anytime!
